OFFICE OF THE
CHIEF CONSERVATOR OF FORESTS
IN MYSORE, BANGALORE.

DATED: 12-4-1961.

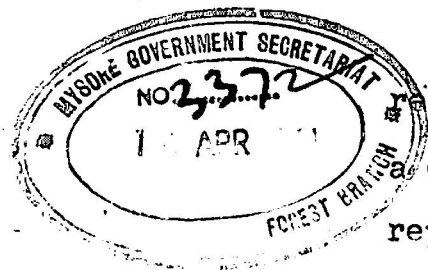

To

The Secretary to Government,
Agriculture and Forest Department,
BANGALORE.

Sir,

Sub:- Formation of a road in Bagamandala Range.

I submit herewith a sketch showing the formation of a road from Bagamandla Thalacavery upto Devasthanam Neelreswara through the Reserve Forests of Bagamandla Range received from the Conservator of Forests, Coorg with his letter No.ACT(4)391-2275/60-61 dated 29th March 1961 (copy enclosed) for kind perusal.

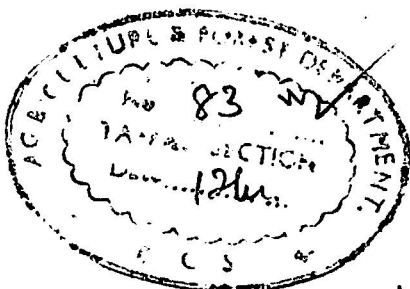

The villagers of Mundrote of Bagamandala have requested permission for the formation of the road to a distance of 14 miles at their own cost. It is reported that a ^vbidle path of 2½ miles is now being used by the villagers and the ^vbridle path is proposed to be widened to a width of 20 ft. and new road laid over a length of 11½ miles. It is recommended by the Conservator of Forests, Coorg that the formation of the road will be useful both to the public and the Forest Department and as such I have instructed the Conservator of Forests to accord permission to the formation of the Road in anticipation of the approval of the Government. I request you to communicate early orders of Government in the matter.

Yours faithfully,

V. S. R. R. R.

In Mysore, Bangalore.

Sir,

Subject:- Road formation - Bhagamandala Range, North
Coorg Division - Permission for the construction through the Reserve Forests.

==

The Divisional Forest Officer, North Coorg Division reports that the villagers have requested for permission to open a road from Bhagamandala Thalacauvery upto Devasthanam Neelreswara through the Reserve Forests in Bhagamandala Range. The sketch of the road proposed to be opened through the Reserve Forest is enclosed herewith for perusal. The above road to a distance of 14 miles runs through the Reserve Forest. It is reported that there is already a bridle path to a distance of 2½ miles and this path which has to be widened to a width of 20' and permission to open a new road to a distance of 11½ miles has to be accorded. He reports that there are nearly 100 trees to be extracted along the proposed road to be constructed and that they will be enumerated and sold in the public auction to the best advantage of the Government. He further adds that the road now proposed if opened will not only be useful to the villagers but also to this Department to tap the timber from the Selection Working Circle.

2. The road will be constructed by the villagers and no expenditure is being incurred by this department.

3. Since the road if constructed will be useful both to the Villagers who are in the interior of the jungle and also for this Department. I recommend that right of way with permission to open the road to a distance of 11½ miles may kindly be granted. In this connection, your letter No. A3.
